

INTRODUCING

ULTRA IR

Ink Remover for Ophthalmic Lenses

NEW!

PRODUCT # 20436

Ink Remover for Ophthalmic Lenses

Ultra Optics' top-performing marking ink remover for lenses, Ultra IR, uses fewer hazardous chemicals, making it better for the environment and safer for your employees to use. It has even been formulated with a better smell than other similar products.

Less hazardous than other ink removers

Removes organic and inorganic material

Safer for people and the environment

Your *Ultra* Solution

Our innovation team continues to deliver better products that are *focused on your success*.

TRY OUR OTHER FINISH LAB PRODUCTS

ClearView

ClearView is a great all-purpose lens cleaner that can be used in all phases of lens and glasses production. ClearView is non-hazardous and is less expensive to purchase and ship than IPA.

PRODUCT # 01086

ConsisTint

ConsisTint dye additive is designed to neutralize the effects water quality can have on the lens tinting process, producing a more uniform tint each and every time.

PRODUCT # 01025
